Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: the prior arts of record fail to anticipate or render obvious the following recited features: for determining if the PAPR is larger than a predetermined value A, and if yes, terminating the process; and a adjusting step, for performing an adjustment of increasing DELTA.d bits at a first selected sub-carrier and decreasing DELTA.d bits from a second selected sub-carrier, and then executing the PAPR computing step.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
